

Tring & District Camera Club 2019-20

Version 14 January 2020

Date	Headline	Commentary for Programme
26 September 2019	First half - General welcome, competitions introduction for the coming season & briefing on competitions and the programme for the season Second Half - Score a Picture	
03 October 2019	Speaker - Paul Mitchell	Presentation by Paul Mitchell based upon his work at Burnham Beeches and the Savernake Forest. In the second half of the presentation, Paul will explain how he processes his images
10 October 2019	Competition 1 - Seasonal Scapes - Print	
17 October 2019	Presentation - Stewart Robertson - Why are there so many different types of lenses? And why do some of them cost so flipping much?	Stewart is the owner of "Lenses for Hire" business in Maidenhead. It's basically an illustrated talk about the history of optics, from Euclid via Galileo, Zeiss and Father Ted to the modern-day with all the technology (zooms, fast apertures, image stabilisation, Nano coating. etc) which we take more-or-less for granted.
24 October 2019	1st Half - Summer Project Presentations 2nd Half - Tonight you are the judge	
31 October 2019	Speaker - Damon Guy	Damon will give a presentation on portrait photography and will include a practical session for members to practice their portrait photography skills.
07 November 2019	Workshop - Motion and Movement	
14 November 2019	Competition 2 - Square Format - Digital	
21 November 2019	Speaker - John Smith on Forensic Photography	The presentation is on 'Forensic Imaging' or 'Forensic Photography' based on John's experiences of working for forensic science providers in the public and private sectors, independently and now in academia. John will set the scene by explaining how images are used in solving crime cases and then talk through a few long-past cases - crime scene searching, documentation, specialist lighting, image processing, then cover some more recent interesting cases.
28 November 2019	1st Half - Park Street de-brief 2nd Half - Techie talk - Second curtain flash, focus stacking, back button focusing, cleaning a camera sensor,....	
05 December 2019	Competition 3 - Portraits - Print
